2 WOMEN ARE SHOT TO DEATH

**Working In Their Homes
When Attacked By a
Boarder It Is Believed**

MAN IS BADLY WOUNDED

**From Self-Inflicted Bullet
Wound Police Say—Is at
City Hospital But Refuses
to Tell Particulars of the
Tragedy.**

(ASSOCIATED PRESS TELEGRAM)
Chicago, March 31.—Should he recover from bullet wounds said to have been self-inflicted, the police today announced that they would arrest Peter Welter on a charge of murdering Mrs. Catherine Morris and Mrs. Sarah Salans, neighbors, who were shot to death yesterday afternoon while working in their homes. Welter is in a critical condition at the county hospital. Welter, a neighborhood character, was a boarder at the Salans home and was a friend of the Morris family. The police believe Welter attacked the two women while under the influence of liquor. Plundering a revolver and threatening to shoot, Welter was found hiding in the closet of his room, weak from the loss of blood from wounds in his abdomen and right temple. A trail of blood led from his room to the kitchen, where Mrs. Salans body was found. Neighbors told the police they had seen Welter at the Morris home a short time before.

"A man shot us," was all Welter would tell the police.

Later at the hospital, he cried continually during his conscious moments. Several times he gasped: "A man in a brown suit." Once Welter said he wanted to talk to a police officer, a friend, but when the policeman was called the wounded man refused to talk.

The police found but two loaded cartridges and one exploded shell in the cylinder of Welter's revolver. They believe Welter had thrown several exploded shells out of the window of his room.

Within an hour after the shooting, circumstantial evidence had linked Welter with the double shooting. Each woman was shot through the head, the bullet entering below the left ear.

ALL OHIO MINES WILL BE CLOSED THIS AFTERNOON

(ASSOCIATED PRESS TELEGRAM)
Cleveland, March 31.—"Every mine in Ohio will be closed at 3:30 this afternoon," said C. L. Cunningham of the Goshen Coal company here today. Continuing he said: "No one can tell how long they will remain closed. The anti-screen law means the ruin of the Ohio coal industry. The mine run basis of pay is absolutely impossible, as it results in depreciation of the quality of coal and places Ohio operators where they cannot compete with other states where miners are paid on the lump coal basis."

"Ohio operators will simply sit tight and keep their mines closed until the constitutionality of the law is tested," said C. E. Maurer, of the Glens Run Coal company.

HAVE PLENTY OF COAL.
Zanesville, O., March 31.—The shutting down of coal mines in this section pending the adjustment of a new scale will have little appreciable effect here so far as the coal supply is concerned since dealers have large stocks because of the slow market. The shutdown will not affect the pick or wagon mines east of this city, the miners and operators having reached an agreement.

NEGOTIATIONS RESUMED TODAY AT GOULD PLANT

(ASSOCIATED PRESS TELEGRAM)
Buffalo, N. Y., March 31.—Negotiations between the Gould Complex works and its striking employees were resumed today. The workmen, in addition to agreeing to return to work in an open shop, are willing to work on short time, provided all strikers are reinstated without prejudice on account of union affiliation.

Sheriff Becker said that unless serious disturbances occurred at Depew he would request the withdrawal of the troops within a day or two.

MURDERED GIRL'S FUNERAL

(ASSOCIATED PRESS TELEGRAM)
Auburn, N. Y., March 31.—The funeral of Lida L. Beecher, the young school teacher who was murdered at Poland, N. Y., Friday night, was held at 7 o'clock this morning from the family home, the Presbyterian church parsonage in Sennett.

Not a Puzzle Contest

Listen!
The Advocate wants to say this seriously to you—all of you who are in the contest already, and all those who are coming in today and tomorrow and the days that remain.

Just this:
Don't get the wrong idea.
Don't imagine for a second that you must be almost too wise to be human, in order to win.

Don't suppose that you have to know more about books than old General Literature himself, to stand a chance for one of the 126 prizes in this great Booklovers' contest.

Some few people seem to think:—"Oh, I never was any good at guessing riddles or solving puzzles. I wouldn't have a chance at all."

Get away from that notion.
This isn't a puzzle contest.

It isn't any competition requiring the wisdom of a Socrates to triumph.

Not a bit of it.

A pictoprint is merely a drawing.

The drawing has a message. That message is the name of a book. Look at the pictoprint, resolve it into the several things it might mean, see if those things are suggested by some titles in the Contest Catalog.

It is just as easy to start now as can be. Come or send for the back coupons and catalogue. That's all.

Crowd Jams Galleries To Hear Final Debate On Tolls Exemption

(ASSOCIATED PRESS TELEGRAM)
Washington, March 31.—In an atmosphere of tense excitement, the struggle in the House over President Wilson's proposal to repeal of the Panama tolls exemption, was today passed to its last stage.

A full attendance on the floor and a throng of anxious spectators such as the house has seldom seen in the galleries, waited for the concluding verbal battle and the deciding vote, which was expected late this afternoon, or early tonight.

On the program for speeches were Speaker Champ Clark, Republican leader Mann, both opposed to the president and Representatives Shirley and Covington for the administration.

Leaders on both sides feverishly worked on the floor, and the cloak rooms and the whips reported several changes in the line-up although he changes generally balanced.

Administration supporters confidently claimed the repeal bill would pass by a majority of from sixty to seventy-five.

Cheers and applause greeted the opening of today's debate.

When Representative Humphrey Republican of Washington, declared out for an injustice to the great and patriotic speaker of this house would today be occupying the White House he galleries joined the floor in a "round of applause."

The greatest crowd that the house has seen in recent years jammed the galleries of the chamber today to hear the final debate over the repeal of the Panama tolls exemption. People had been waiting in line for hours.

Just after daybreak, when janitors were cleaning up the galleries, they were amazed to find two women and a man seated for a long wait until noon.

"You'll have to get out of here now," they said, "or we will have to lock you in until the galleries are regularly opened at 10 o'clock."

"Lock us in," said the waiting ones, and locked in they were, and had the places of advantage when the doors were opened at 10 o'clock.

During the waiting hours the "rowd made itself at home. Some brought newspapers and books. One gray haired woman brought her knitting and clicked her needles industriously. Lunch boxes, milk bottles and pop bottles were piled upon the gallery floor, and made dangerous to the legislators below until the doorkeepers forced their removal.

Representative Humphrey of Washington, Republican, denounced the Democratic position as "more contemptible than the English language can express" and declared that the condition had been brought about by the "egotistical blundering" of the administration in the Mexican situation.

He lauded Majority Leader Underwood, and Speaker Clark.

Republican Leader Mann told the house three questions were involved in a repeal of the Panama tolls exemption; treaty rights, moral rights apart from treaty construction and the economic question involved. The economic question might be changed at any time, he said, but a decision on treaty rights must be a lasting one. He maintained that no construction of the Hay-Pauncefote treaty compelled the United States to change the same tolls on its own ships or those of Panama as were levied on those of other nations.

"England's attempt," he said, "to secure her construction of the treaty at this time is not for its present effect. It is for the distant future. If we construe the treaty according to the English claims, it is sure to rise and embarrass us whenever we have war with other countries. War is not desirable but it is inevitable. We cannot always maintain peace."

"I want to treat England fairly but I believe that under the construction of the treaty we have the right to do as we please in this matter, and that it is an unfriendly act of England now at this late date to insist upon any other construction."

(ASSOCIATED PRESS TELEGRAM)
Washington, March 31.—As the hour approached today for the closing of debate and the taking of the final vote on the Sims bill providing for the repeal of the provisions of the Panama canal act exempting American coastwise vessels from payment of tolls, administration leaders in the house were more confident than ever of victory by a substantial margin. They declared every indication tended to show that the bill would pass by a majority of at least 75 votes.

Enthusiasm ran high at the capital, the interest which has marked the debates from the beginning of the controversy growing keener as the controversy neared an end. Speculation over what Speaker Clark would say when he took the floor in a final attempt to defeat the repeal, added to the tenseness of the occasion.

Representative Adamson of Georgia who was prepared to close the arguments from the repeal advocates, appeared on the floor early with a massive pile of documents and data pertaining to the tolls question. With him were Representatives Shirley and Covington, two of the principal speakers for the bill on the final program.

The administration leaders planned to secure a vote on the bill before the adjournment of the House tonight and with about five hours debate on the bill remaining when the House (Continued on Page 12, Col. 3.)

BATTLE IS STILL IN PROGRESS

**Siege of Torreon Renewed
With Heavy Losses On
Both Sides**

NO DETAILS RECEIVED

By Officials But Correspondents Who Arrived From the Front Say Federals Could Have Won Had They Followed Up Advantage.

(ASSOCIATED PRESS TELEGRAM)
Juarez, Mex., March 31.—Fighting continues at Torreon, according to information given by rebel officials at Juarez today. No details were received. Rebel leaders contend that the main battle for supremacy was for the last week at Gomez Palacio where soldiers of both sides fell by the hundred in the desperate conflict.

The losses at Gomez Palacio were so heavy, it is said, that neither side is now capable of repeating so determined a battle. In Torreon the fighting is said to be from building to building without any open charges or concentrated assaults. Gomez Palacio was taken by storm after three sanguinary assaults according to the brief reports thus far received.

A story that reached Juarez last night when some correspondents arrived from the front indicated that the federals might have driven Villa's army back in confusion if they had known how to follow up their advantage.

At noon today a single line message stating that fighting continued at Torreon, was received by rebel officers. A rumor that an armistice had been agreed on was denied.

(ASSOCIATED PRESS TELEGRAM)
Juarez, Mexico, March 31.—Confidence in General Villa's ultimate victory was restored among constitutionalist sympathizers here today by receipt of various semi-official reports that the rebel leader had forced General Refugio Velasco's federal army to its last stand in the general barracks at Torreon. Opinions were freely expressed even by army officers here, that the long drawn out battle of Torreon cannot last much longer, and that it has continued thus far and strenuously because it really is a battle to death.

General Villa it is suggested, thoroughly understands the danger if he should attempt to move his forces back toward Chihuahua as they would be subject to attack in the rear from the federals.

General Velasco's army, is in as bad a plight, if not worse. It would have to cross an uninhabited desert, the devoid of natural defense, in order to reach succor. Driven from the barracks in Torreon the federals would be subjected to whatever measure of slaughter General Villa chose to mete out to them.

It is believed here that the week's fighting has left the rebel army better provisioned, both in arms and supplies, than it has the federals, and the fact that repeated reports have been received to the effect that the federals are making their last stand, leads to the hope among constitutionalists here that news of a rebel victory soon will be forthcoming.

ASK WRIT OF CORAM NOBIS FROM COURT

**BROTHERS, LIFE PRISONERS IN
PENITENTIARY SEEK
NEW TRIAL**

**Claim They Were Intimidated and
Fearing Vengeance of Mob
Entered Pleas of Guilty.**

(ASSOCIATED PRESS TELEGRAM)
Columbus, O., March 31.—An ancient common law writ of coram nobis, used in England for centuries, and which has been invoked in an effort to secure a new trial for two men sentenced to life terms in the penitentiary, was argued before the Supreme court today.

The question of coram nobis will pass upon is whether or not a common pleas court has authority to allow such a writ and thus revive cases in which persons have been convicted and have served out their sentences.

The Haystack victims of a recent mob attack, who were given life sentences in the penitentiary, are now making such a case.

The claims are that the men were intimidated and that they entered pleas of guilty.

SIX THOUSAND MINERS QUIT AT MARTINS FERRY

(ASSOCIATED PRESS TELEGRAM)
Columbus, March 31.—Electric Light plants in nine Ohio cities and towns will be united under the control of the Ohio Light and Power company of Newark, as the result of the approval by the state public utilities commission today of a bond issue of \$2,000,000.

By allowing the bond issue but refusing to approve the purchase of the electric plants however, the utilities commission expressed disapproval of the values placed on the properties which are to be acquired. The old public service commission which the utilities commission succeeded, approved the purchase of the plants at values named by the Ohio Light and Power company, but did not pass on the bond issue.

Electric plants which the company will operate are located in Newark, Fremont, Mt. Vernon, Fostoria, New Lexington, Locan, Crooksville, New Straitsville, Shawnee and Lancaster.

The Ohio Light and Power company expects shortly to manufacture power in the large plant which is nearing completion here, to furnish Newark, Mt. Vernon and Lancaster with current for light and power. The smaller towns in the vicinity of the three named will also be served by the company.

Martins Ferry, O., March 31.—Because coal operators of this section refused to sign a new scale based on the run-of-mine law, which becomes operative May 20, six thousand miners quit work today. Operators say they will not pay for mining on the new basis until compelled by law.

**CASE THROWN OUT
BY 'SQUIRE JONES'**

Lack of sufficient evidence on part of the prosecution was given by Magistrate D. M. Jones as his reason for dismissing the assault charge preferred against Police Patrolmen James Gorman and Alonzo Shaw by Sylvester Petro.

A suit for damages filed against the patrolmen by Petro is pending in common pleas court.

The plaintiff charged that Gorman and Shaw assaulted him with intent to kill. The court maintained he failed to prove the identity of the person who, he says assaulted him.

Most Recent Photograph of Mme. Caillaux

The only genuine photographs of Mme. Caillaux, who shot Gaston Calmette, editor of Figaro, have just been received in the United States. Other pictures published of her were taken from French publications, but now photographs recently made have come, and they show her to be a handsome woman. In that here shown she was taken standing in the middle of her sitting room dressed for the evening. In appearance she is typically French of the higher class. Her dress and manner, too, indicate her taste is wholly French.

Will Announce Decision Soon On Constitutionality Of the Liquor License Law

(ASSOCIATED PRESS TELEGRAM)
Columbus, March 31.—The Supreme court will give its decision on the constitutionality of the Ohio liquor license law in the near future. The court today advanced the case of Joseph Meyer against John A. O'Dwyer, Lucas county liquor license commissioner, in which Meyer sought to compel the license board to grant him a license to operate a saloon on the ground that the law was unconstitutional.

Meyer, who was refused a license by the Lucas county license board claimed the Ohio law conflicted with the federal law which provides that no person shall be deprived of his constitutional right without due process of law. The fact that he had no appeal from the license commission's decision conflicted with the federal law, he contended.

CHANGE IN GOVERNMENT FOR BRITAIN

**MUST SERVE TIME
FOR MAKING TARGET
OUT OF THE JUDGE**

(ASSOCIATED PRESS TELEGRAM)
London, March 31.—The establishment of a federal system of government for the British Isles was suggested to the House of Commons today by Sir Edward Grey as a solution of the home rule difficulty. The suggestion was received with great attention by the house, which was engaged in debate on the second reading of the Home Rule bill.

It is reported from Dublin that Premier Asquith is to be opposed in the house by Sir John Lubbock, who is head of the Transport Workers' Union was leader of the strike in Dublin last autumn. In connection with the strike Mr. Larkin was sentenced to seven months' imprisonment in October for inciting to riot, but was later released.

After a week of sensational developments in connection with the Larkin situation, the House of Commons today started the debate on the second reading of the Home rule bill. It is expected the measure will occupy the house for at least three days.

The absence of Mr. Asquith, who was charged of the bill, was bitterly complained of by the unionists. When the House of Lords met in the day, Lord Morley announced to the members that he had not quit the cabinet.

motorcycles and a number of accessories of these classes of vehicles. There are cars on exhibition of some of the best factories in the business, and the prices range from hundreds to thousands of dollars.

Local agents are in charge of the exhibits, but in some cases expert demonstrators of the makes shown are in attendance to explain the intricacies and virtues of the cars to prospective or possible purchasers.

Five Ford products are shown by the Newark representative of the company, A. P. Hess, whose garage is in South Fifth street, just south of West Main. There are two delivery cars, two touring cars, one with standard electric lighting and self-starter, and one roadster. Besides these the new 1914 model, \$500 Ford roadster, which is to be given as second prize in the Advocate's Booklovers' contest is also on exhibition in a prominent place to be seen of all observers.

Mr. Hess has already sold 42 Ford cars to Licking county purchasers, this season which has been a most successful one.

W. B. Wingerter, agent of the Abbott-Detroit is exhibiting a six-cylinder seven passenger touring car. It is a beauty and attracted much attention Monday night and Mr. Wingerter and the expert demonstrators (Continued on Page 2, Col. 3.)

NEGRO WOMAN IS LYNCHED BY MUSKOGEE MOB

(ASSOCIATED PRESS TELEGRAM)
Muskogee, Okla., March 31.—Marie Scott, a negro woman who Sunday night killed Lemuel Peace, a young white man, by driving a knife into his heart, was taken out of the Wagoner county jail early today and hanged to a telephone pole. The mob, which was masked, overpowered the police, a constable man, threw a rope over the woman's head and dragged her out of the jail.

A knock at the jail door aroused the sleeping jailor, alone in the office. A voice outside said an officer was there with prisoners. The jailor opened the door and found twelve revolvers. He was quickly bound and his keys taken from him. He then was thrown in the cell.

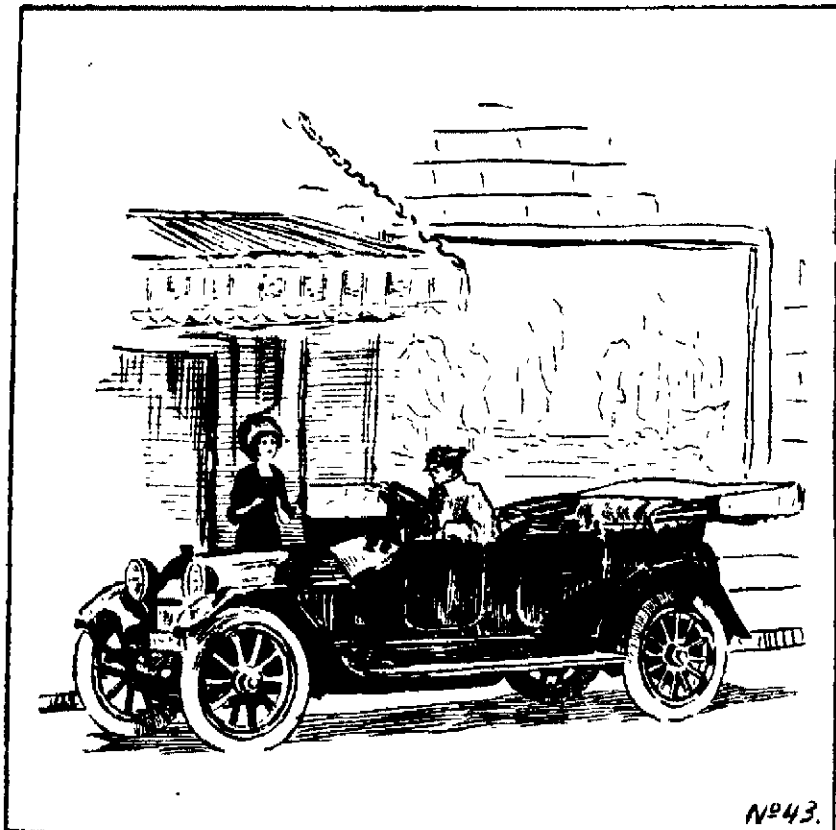

The mob pulled the screaming woman from her cell and drew a rope about her neck and dragged her to a telephone pole a block from the jail. An hour later the sheriff cut down the dead body.

Marie Scott stabbed Peace to death last Sunday morning.

The county attorney has started an investigation of the lynchings.

HUNTING AUNT, STRANGER LANDS IN A CISTERN

Confesses To Rescuer That "Jag" Helped Land Him In Water Up To His Arms—Swears Off

He whose jag directeth him into a cistern should abstain.

Such is the moral one young man surely learned from sad experience Monday night. Soaked internally, by his own admission, the hero(?) of this story became so thoroughly soaked externally that he has sworn "Never some more."

In the peaceful quiet of Monday night, early, George Woodcock, who lives in No. 16, Pataskala street, was aroused by the bumpety-bump of some heavy object on his back porch, followed by distinct cries for help.

Investigation revealed a box of scattered dry goods. Further search revealed a cistern full of wet goods with a man chest-deep in water, groping and paddling madly for his hat and the "shore." Woodcock obtained a rope and after a hard pull succeeded in lifting the wet stranger to a place where he could get his arms on the cistern top and help himself.

When he had emerged from his pure rainwater bath, the young man shook himself, gathered up his bundle, and after explaining that he was looking for his aunt and became confused, departed leaving his jag behind. His rescuer failed to get his name.

LADIES! DARKEN YOUR GRAY HAIR

Look years younger! Use Grandmother's recipe of Saxe Tea and Sulphur and nobody will know.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used to keep her hair beautifully dark, glossy and abundant. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," you will get this famous old recipe which can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, feverish, itchy scalp and falling hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark, glossy, soft and abundant. Agents Hall's drug store.

strator, Mr. Joseph W. Criglar, were kept busy showing its good points. Handsomely decorated with baby blue ribbons was the Abbott-Detroit Bull dog, "Jewett," who occupied the back seat and was in charge of Mr. Frank Prince, of San Francisco, Cal., one of the best motor experts in the country. Mr. Criglar, who is a member of the Bureau of Engineering of the Board of Public Works, of San Francisco, is known throughout the west as one of the most daring drivers in the country. He holds several racing records and knows every piece of machinery in the construction of a machine. As Mr. Prince says "he could put one together in his sleep." Mr. Wingerter extends a cordial invitation to the public to call around and get acquainted with "Jewett," also the Abbott-Detroit speed king.

Two Overland touring cars are exhibited by Fred W. Simpson in the center of the Arcade near the annex. These cars are 35 horsepower, 114 inch wheel base, one selling for \$950 with standard equipment, the other for \$1075 equipped with a Gray & Davis electric starter. Mr. Simpson states that there were 40,000 Overland cars sold last season, while 50,000 will be sold the present one.

Samuel E. Forsythe has a splendid exhibit near the Third street entrance, which he personally oversees and demonstrates. He shows two Studebakers and a Maxwell all touring cars. The former, each of the "Six" and "Four" models. He has just sold to Mr. Carl Weiland a Landau Roadster which will be delivered this week. It can be seen at the Forsythe garage in the old First M. E. Church building corner Church and Fourth streets, as he does not have room to show it at the Arcade. This is the fourth Studebaker car purchased by Mr. Weiland who pertinently remarked "I will now have a regular Studebaker garage."

Truesdale Stevens of Charles T. Stevens & Son, agents for the Reo and Chalmers, is on the ground to demonstrate the cars exhibited by their firm, at the Fourth street entrance. There is shown a "Reo," the Fifth, a 35 horsepower touring car, and a Chalmers "Six." These cars are the very latest models and attract much attention, keeping Mr. Stevens busy in explaining their advantages.

Just at the Arcade entrance, at Third street Fred E. Riegger is showing what is a comparative novelty in auto vehicle construction, the motor car. He has on the ground the "Imp," an American made car, and the possibilities of the machine with the price asked \$275, equipped with starter, lamps and horn is viewed with favor by many who have seen it.

Hare & McDaniel make an excellent showing with their Mitchell exhibit near the Fourth street entrance and many stop to be shown these handsome cars. The prices range from \$2250 for the "Big Six," \$1,

RESOLUTIONS ADOPTED BY THE SOCIETY

The West Locust Street Beautifying Society met Monday evening in the Y. M. C. rooms and the meeting was largely attended.

A committee was appointed by President Larkin to call upon Service Director Christian regarding some bad sidewalk and low limbs of trees hanging in such a way as to strike umbrellas of pedestrians. The committee called on Mr. Christian Tuesday morning.

A committee was also appointed on program for observance of Arbor Day by the society, which will likely be held on Thursday evening, April 23.

Quite a number of interesting talks were given. The committee on resolutions reported the following, which were unanimously adopted.

Resolved, That we kindly ask all residents and owners of real estate on West Locust street to beautify their front lawns, including the lawns between the curbing and sidewalks, wherever it be possible with cannaes and other flowers of their own selection.

That we ask teachers, and especially parents, to instruct and teach all children under their care to walk on the side walks and never trespass, in any way, by walking, loitering or playing upon the lawns belonging to others. We believe children would readily obey such instruction if it be given them.

That we ask all pedestrians, both children and adults, to refrain from throwing waste paper, empty candy and tobacco sacks, sticks, etc., upon lawns and sidewalks.

That we ask all reasonable and business houses, shows, etc., who cover our porches, lawns, and walks with bill posters. We recommend that they advertise in our city papers.

That we use all reasonable and laudable means to prevent dogs and chickens from destroying lawns and flower beds. Children should be protected from menacing dogs.

That parents should encourage their children, not only to beautify their lawns and homes, but also to become interested in cultivating a garden in the rear yards wherever possible.

That we favor the observance of

I Tell You Catarrh CAN Be Cured

I know that what cured me after 25 years of useless doctoring will interest every Catarrh Victim and will spend the money to tell them how this modern wonder was accomplished.

You can try and prove this great method absolutely free of cost.

I am not a doctor and not a scientist, but simply an American business man with plain common sense enough to appreciate a really good thing when I have it proved to me, and with enough humanity to want others to benefit as I did. When a man suffers all the inconvenience, the humiliation, the embarrassment of catarrh for 25 long years, spending hundreds of dollars and much valuable time on alleged remedies without any success, and then suddenly finds a means that cures him almost like magic, it is his plain duty to see that all the world is made to hear of it.

It makes no difference how bad your Catarrh or Asthma may be, the very first use of this treatment will bring you INSTANT relief, and you will depend upon it absolutely.

For all these years I went about half ashamed of myself, always conscious of the disgusting and disgusting practices I was forced to indulge in. I couldn't help hawking, spitting, sneezing and blowing my nose, no matter where I happened to be. Just as you do if you are a catarrh victim, and I was well aware that people shunned me like a leper and kept away from me like a pestilence. I felt that I was a disgrace to my family and to my country.

After I had tried about everything half a hundred different remedies, I learned of this wonderful Swiss treatment and had proved to me some of the remarkable results it had brought about. I tried it and was better in an instant. Just a short time later I was well and free from that awful catarrh.

I determined everyone should have the chance to profit by it. I bought the formula and rights and now offer to sufferers from catarrh the chance to try this wonderful SWISS AMERICAN VAPORATOR without a cent of cost. Just send me the coupon below. The VAPORATOR is so small it can be carried in the pocket or handbag, and used without trouble or publicity. Just send the coupon and I will send you the VAPORATOR and I will still knock at your door until you are cured.

O'CONNOR FAILED TO KEEP PROMISE; SENT TO WORKS

John O'Connor, pipe laborer, who seemed to be stricken with remorse in police court Monday morning, after hearing a workhouse sentence passed on him, apparently wasn't so deeply affected as his demeanor indicated. He was here Tuesday morning on another drunk charge having been arrested Monday night. O'Connor didn't want to face the Mayor Tuesday, but when he was arraigned against his will, his tongue loosened up nicely and he brought into play all the bluntness of his Irish ancestors in an effort to get another suspension. The mayor refused to take a chance the second time and the workhouse sentence which was suspended Monday was ordered executed. He will be taken to Columbus Wednesday.

HAS RENOUNCED CITIZENSHIP IN WEST VIRGINIA

(ASSOCIATED PRESS TELEGRAM)
Wheeling, W. Va., March 31.—Former United States Senator Nathan B. Scott, for 50 years a resident of Wheeling and well known in political life throughout the country, has renounced his citizenship in West Virginia. Mr. Scott made this known by a letter to the county assessor requesting that no assessment of his personal property be made in Wheeling this year as he is now a resident of Washington. Mr. Scott served two terms in the United States Senate and during President McKinley's first administration was commissioner of internal revenue. He was Republican committeeman from West Virginia from 1888 to 1902.

THOUSANDS RIDE FREE ON TOLEDO TROLLEY LINES

(ASSOCIATED PRESS TELEGRAM)
Toledo, March 31.—City Solicitor Thurston today advised that patrons of the Toledo Railway and Light company refuse to pay more than three cents fare. The company still continues to refuse to accept three cents and carries patrons who refuse to pay five cents free. Thousands are riding free.

Federal Judge Kilbitt last night refused to grant an injunction restraining the city from enforcing the low fare ordinance, but the decision apparently still leaves doubt as to whether the ordinance is in legal effect or not.

As interpreted by City Solicitor Thurston, the Kilbitt decision means that the three-cent ordinance is in full force and that the company now has no right to charge more than three cents, with some other court determining that the low fare is an unreasonable requirement.

How to Make the Best Cough Remedy at Home

A Family Supply at Small Cost,
and Fully Guaranteed.

Make a plain syrup by mixing one pint of granulated sugar and 1/2 pint of warm water and stir for 2 minutes. Put 2 1/2 ounces of pure Pinex (five cents worth) in a pint bottle, and fill it up with the Sugar Syrup. This gives you a family supply of the best cough syrup at a saving of 82. It never spoils. Take a teaspoonful every one, two or three hours.

The effectiveness of this simple remedy is surprising. It seems to take hold almost instantly, and will usually conquer an ordinary cough in 24 hours. It tones up the jaded appetite and is just bracing enough to be helpful in a cough, and has a pleasing taste. Also excellent for bronchial trouble, bronchial asthma, whooping cough and spasmodic croup.

This method of making cough remedy with Pinex and Sugar Syrup is a strained honey is now used in more homes than any other cough syrup. This explains why it is often imitated, though never successfully. If you try it, use only genuine Pinex, which is a most valuable concentrated compound of Norway white pine extract, and is rich in quinine and other natural healing elements. Other preparations will not work in this combination.

A guaranty of absolute satisfaction or money promptly refunded goes with this preparation. Your drug store, Pinex, or will get it for you. If not, send to The Pinex Co., J. C. Wayne, Ind.

The Real Issue

The question at issue in the repeal of the Panama Canal tolls for American coast-wise vessels was most clearly and forcibly stated by Senator Owen of Oklahoma, one of the most talented men in American politics today:

"Ninety millions of our people have taxed themselves to build the canal and now less than nine thousand ship owners are demanding to use it without paying for the cost of keeping it in order or interest on the prime cost."

"There is no common sense or justice in the proposal that one American should have the right to tax ten thousand other Americans for his private benefit."

Senator Owen also made the forceful argument that "Great Britain, being the owner of India and the British Isles, could, with as much propriety, claim exemption for her coast-wise vessels going through the Suez Canal."

The American people are in full sympathy with President Woodrow Wilson on this great question and they are lining up in his defense in a more marked degree than has ever before been manifest for any President in the country's history.

Justice

In justice to the Warnes law and Governor Cox let it be said that there has not been enacted in recent years, a law that is going to secure greater justice to the people of the great state of Ohio than the Warnes law. This is now being demonstrated by the reports received by the Tax commission from the district assessors from all parts of the state.

The people are going to demand a lower rate of Taxation and they are justly entitled to a lower rate since the valuation in the Tax duplicate is being increased. The Tax Rate must be lowered in proportion to the increase on the Tax Duplicate, and those officials who make up the levies for the coming year undoubtedly will reduce the levies accordingly.

No doubt in many counties and cities public improvements have lain dormant. Many needed improvements should have been made years ago. But just because the people have come forward now and are willing to pay taxes on their property which has not been done in years past, the officials now in office are not likely to take advantage of the fact, but will lower the tax rate in proportion.

We believe that these officials see the right way and will act in harmony with the demand for a lower Tax Rate.

War Opened Against Humanity.

"Abandon hope all ye who enter here."

In the Divine Comedy the poet Dante wrote this inscription over the entrance to hell. If the Republican leaders are successful in carrying the State next November they propose to write it over the doors of the Ohio Penitentiary. Through their chosen spokesman, Prosecuting Attorney Edward C. Turner, of Columbus, who is to be their nominee for Attorney General, they have denounced the modern and humane plan of the helpful and reformatory treatment of the social delinquents confined in prison.

They oppose the honor system which permits a well disposed convict to be employed in road-building, farming and repair work about the State institutions and insist that he shall be immured in a locked cell while not laboring in a shop. Hundreds of these unfortunates are now engaged in quarries and on farms and upon the highways, and, in addition to saving money for the State, are becoming better men outside of the poisonous air of the prison.

They have declared against permitting these prisoners to earn a trifling amount each day which is to be transmitted to their dependent families or to be saved for them against the day when they will be liberated to face the criminal world again. Proclamation, too, has been made against relieving the tragical monotony of their life within the walls through entertainments, sports and educational relaxation, even though they provide these pitiful things themselves or have them furnished through volunteers filled with the charity of the Master who taught his followers to "visit them that are in prison." They hold out no hope for the fallen, and no cheering comfort for the cast down spirit. Instead they offer the dungeon and the lash.

When they had the power these poor devils of convicts were leased to contractors who exploited their tears and their blood and grew rich. Their tainted money, dripping with the sweat of shameful slavery found its way into the coffers of the political party which furnished them their victims.

God willing and the Democratic party supporting, there will never be a return in free, enlightened and progressive Ohio to those unspeakable times when the Ohio Penitentiary was a latter day Golgotha, when the souls of men died within them and hatred took the place of love in their hearts.

Don't worry about what you can't see in the picture. We can not tell you whose picture it is that hangs upon the wall in No. 31. All the answers will be printed in the Advocate after the contest closes. Picture No. 43 appears today. There will be 70 pictures in all.

X. Y. Z.—Is the Advocate prize auto a second hand car? We should say not. The Advocate paid Agent Fieser for a new 1914 car and same has been delivered. It is now on exhibition in the Newark Auto Show in the Arcade. Note the number on the car. That will answer your question.

B. C. D.—This isn't a "puzzle" contest. You are not supposed to turn a picture upside down or look behind the scene for the answer. What book name does each picture represent? Don't make it too hard for yourself.

Clara G.—Come to the Advocate for the back coupons. Your neighbors are in the contest. Your friends will take pleasure in helping you to start. Then you can help them solve the rest of the pictures. The contest will not close for a month.

E. P. C.—After the 70th picture is printed you will have time to obtain extra coupons and time will be given for everybody to fill out their coupons and submit their answers. Out of town contestants will be at no disadvantage.

Mrs. E. W. Columbus—Sample copy goes to your address today. It contains full prize list and rules of the contest. It is not too late. A number of people entered the contest today. All that is necessary to do is to send for the back coupons and a catalogue. You do not have to "register."

One Interested—If your copy of the paper of Friday was blurred send it to the Advocate and a new coupon will be given in exchange. The picture No. 40 shows a baby in the basket.

Uncle Walt

The Lady's Man.

Young Jackson loves the tribes of girls, and after them keeps running; and all the Beryls, Mues and Pearls just think he is too cunning. He warbles love songs by their bowers, and he's a peach, they reason; he hands them costly wreaths of flowers and oysters in their season. The maidens say, "He's sweet, old fish!" And he, cheered by their kidding, anticipates their slightest wish, and hastes to do their bidding. Bright smiles are always on his face when he's among the ladies, but when he's at the old home place he looks as sour as hades. His sister's an enchanting maid—few smiles he ever gave her; and when he's round she is afraid to ask the smallest favor. And with this girl he's at war—he never loved or kissed her; he saves his sweet expressions for some other fellow's sister. His mother's old and worn and sad, and if she murmurs, "Charlie, I wish you'd help me here, my lad," he looks up, cross and snarly. "Let sister help you," he replies, her sad voice little heeding; "these interruptions I despise—you see I'm busy reading!" Some day he'll wed a dimpled dear, when he has saved the bundle, and when they're married half a year she'd swap him for a poodle.

Monday evening the last meeting of the Monday Club for this season and it was especially delightful, the members going to the home of Mrs. Carl Wetland on the Amesville road. Twenty minutes before the club convened the members were shown through the various greenhouses, and the time was then given to the following interesting program:

Pearls and Pearl Fisheries—Mrs. Johnson.

Motion Pictures in Education—Mrs. Kemp.

Miss Hinkley of Rome, N. Y., who is the guest of Mrs. Fred Black, then in a charming way told of her club's work and attainments. Refreshments concluded the meeting.

Monday evening the young women members of Miss Mary L. Miller's Sunday school class of the Second Presbyterian church, tendered her a surprise at her new home, 99 West Church street. Soda For Gas, Acid Stomach or Indigestion

Gas, Gas, Gas—When everything eaten turns to gas and we eructate sour food and acid fluids it means we are troubled with acidity, says a noted authority. An excess of hydrochloric acid in the stomach starts food fermentation and prevents complete digestion. Then our meals sour in the stomach like garbage in a can, forming gases which inflate the stomach like a toy balloon, causing a heavy, lumpy misery in the chest; we belch gas, have sour risings, heartburn, flatulence, water-brash and nausea.

He tells us to put aside all digestive aids and instead get from any pharmacy a package of 10 grain Sodagen tablets and take one tablet anytime followed by a tumbler of water which will instantly neutralize acidity; stop fermentation, absorb the gases and sweeten the entire digestive tract.

He further states that those men and women troubled with chronic acidity and its resulting indigestion, Sourness and Gases should take one 10 grain Sodagen tablet regularly after meals for a period as this antacid is entirely harmless, being composed of Soda, Magnesia and Calcium Carbonate U. WIFE IS SUING BANKRUPT BANKER FOR A DIVORCE

(ASSOCIATED PRESS TELEGRAM) New York, March 31.—Henry Siegel, the bankrupt banker and merchant under indictment for grand larceny and violation of the state banking laws, is named as defendant in a suit for absolute divorce which counsel for Mrs. Marie Vaughn Siegel said would be filed today. It is understood that two co-respondents are named.

Mrs. Siegel was the widow of Geo. M. Wilde, brother of Rear Admiral Wilde, U. S. N., when she came to New York from her home in Virginia in search of work. She was employed as a newspaper writer and was assigned to write a story about the Siegel stores when they opened. There she met Siegel. She resigned from the staff of the newspaper and went to work for Siegel. In 1898 they were married. Until four years ago Siegel and his wife maintained luxurious establishments in New York, Mamaroneck and London.

Four years ago Mrs. Siegel went abroad. Then the fact that the couple had separated became known. Siegel, it was said, was paying his wife \$25,000 a year. These payments, however, are declared to have been discontinued some time ago, after Siegel's affairs became involved.

Mrs. Siegel arrived in New York from Paris about five weeks ago. She consulted her attorneys and they began preparation of the complaint against the merchant-banker. Siegel and his wife both refused to discuss the suit today.

KOTTERS GUILTY; LIFE SENTENCE IN THE PENITENTIARY

(ASSOCIATED PRESS TELEGRAM) Chicago, March 31.—John B. Kotters, today was found guilty of murdering Emma Kraft, of Cincinnati and his punishment fixed at life imprisonment. The jury took the case yesterday afternoon.

Kotters killed Mrs. Kraft in a Chicago hotel with a hammer after obtaining possession of her money.

The crime was committed Nov. 14, 1912. Mrs. Kraft was sixty years old, and had been a widow four years. She became infatuated with Kotters, who is 35 years old, and sold her property in Cincinnati for \$3,000. Kotters, believing that he had failed to get all her money by cajolery, forced her to Chicago, murdered her and fled. A long search for Kotters was fruitless until he was accidentally recognized in San Francisco, where he had tried to obtain a woman with whom he kept a lodging house.

Kotters tried repeatedly to induce the San Francisco woman to insure her life in his favor. She became afraid of him and reported to the police.

BURIED TREASURE THE PROPERTY OF A CIVIL WAR VET

(ASSOCIATED PRESS TELEGRAM)
Bremerton, Wash., March 31.—A tin can of money found buried on the beach near the Bremerton navy yard by boys several weeks ago belongs to John F. Doolittle, a civil war veteran residing in the Port Orchard soldiers home. Superior Judge French decided yesterday. Several claimants appeared, when the can, which was supposed to contain \$2,000 was found, among them being Doolittle and Edward R. Wilson, paymaster of the armored cruiser South Dakota.

Wilson based his claim on the theft of \$2,000 from the safe of the cruiser Philadelphia two years ago, asserting that the buried treasure must be part of the loot.

Doolittle told the court that he had buried the money himself, November 22, 1911, placing forty-one \$20 gold pieces and three \$10 gold pieces in a new coffee can. After all claimants were heard, Judge French opened the can and found that it contained \$850 in gold, the number of pieces tallying with Doolittle's description.

HOW TO LOOK YEARS LESS THAN YOUR AGE

The most aged face will look years younger after the use of ordinary mercerized soap for from ten days to two weeks. This remarkable substance, because of its peculiar absorptive power, actually removes the thin veil of faded or withered outer cuticle, a little at a time. Gradually the fresher, more youthful skin underneath is revealed. This absorption process being a purely hygienic one, is entirely natural complexion is acquired—quite different from the artificial complexion which appears anytime but girlish, though often leading to painful evidence of childhood. An ounce of mercerized soap, obtainable at any drug store, is sufficient to rejuvenate any complexion. It is put on like cold cream at bedtime, and removed mornings with warm water.

To eradicate such age marks as wrinkles and frowns, make a wash lotion by dissolving 1 oz. powdered saccharine in 1 quart witch hazel. This has wonderful skin softening and tone restoring qualities. It quickly offsets all kinds of wrinkles, no matter how caused, making the skin firm, smooth and young looking.

Human Procession

The spectacle of the son of a king and emperor acting as errand boy and servant to commoners may now be witnessed at Eton, England's famous old school, where Prince Henry William Frederick Albert, third son of King George and Queen Mary, is now a student. The Prince, who will celebrate his fourteenth birthday today, has neither asked nor received any special favors at Eton on account of his royal, but has lived up to all the democratic customs and traditions of the institution. He is called plain "Henry" by his schoolmates. He has to arise at 6:45 and attend early school at 7:30. As a "fag" to the upper class boys, most of whom are commoners and many of whom are poor, he has had to play the role of errand boy and servant. He has to keep his "fagmaster's" room in order, undertake all sorts of missions for upper boys, light fires, cook eggs, prepare teas, and go to market to the "sook" shops to buy pastry, fruits and other delicacies for his "master." Before going to Eton Prince Henry was a student in a private school at Broadstairs, where he was very popular among the boys, and as ready for a lark as the next one. Like his two older brothers, Prince Henry is a good boxer, and very fond of the "manly art."

Pasquale Amato, greatest of Italian baritone, will pass his thirty-sixth milestone today. This season, as for several years, Amato has been one of the star singers of the Metropolitan Opera House in New York, and has received a salary exceeded by that of very few operatic singers in the history of music. Amato is a native of Naples, where he was reared and received his early musical education. His operatic debut was made at the age of twenty in his native city, in "La Traviata." The Neapolitans immediately acclaimed the youth as one of the greatest singers of all time, and this judgment on his vocal ability was confirmed by the audiences of the great opera houses of Rome, Florence and Milan. Amato is the master of more than three-score operatic roles.

John Hays Hammond, millionaire mining engineer and former adventurer, who has lately been the honored guest of the royalty and nobility of Europe, will begin his sixtieth year today. He was born in San Francisco when that city was a wild and woolly mining community, and was the son of an army officer. After an adventurous career as a mining engineer in California and Mexico, he went to South Africa as consulting engineer for Barato Brothers, and later for Cecil Rhodes. He was a staunch supporter of Rhodes, and the leader in the reform movement in the Transvaal. He was not in sympathy with the Jameson raid, but after that event he was arrested by the order of Gen. Buller, tried, convicted of being a pestiferous person, and sentenced to be hanged. England and the United States intervened in his behalf, but it was not until after the Boer government commuted the sentence to imprisonment for fifteen years, and later let him off with a fine of \$125,000. After that he became associated with the Graceland, who paid him a salary of half a million or so a year. Mr. Hammond was the American ambassador at the coronation of King George V., and as on friendly terms with the King of Italy, the Kaiser, and most of the other sovereigns of Europe.

Every taxpayer who subscribes a dollar a year for three years to the Board of Trade's factory fund, of on each \$1,000 assessed value of real estate owned in Newark, will take his place as one who appreciates the fact that it was through the industrial prosperity of Newark that his property has been increased in value, and his investment made secure.

WORTH THE PRICE OF THE "MOVIES" ANY OLD TIME

"Now he's going to kill that Indian and then the girl will be free so he can get away on his horse—Yep—See? What'd I tell you?"

It was in a local moving picture show. A half dozen Newark folks of the "regulars" were compelled to listen to the predictions and speculations of an enthusiastic woman who insisted in telling in advance just what was going to happen. Pretty soon the big Indian chased the skulking Mexican scout to the edge of a steep cliff. The actors put on one of those thrilling struggles on the brink of the precipice.

"Ee—ee—oo!" That's where the woman screamed when the Mexican slipped over the cliff and fell 2000 feet to destruction! Then everybody laughed at her, and she shut up.

Then there was the picture about the erring wife, who hid in a side room but left her handkerchief where her husband could pick it up when he stepped in.

"Yes, of course, she'd have to go and drop that handkerchief so he'd know she was there," remarked one spectator half disgustedly.

"Well, if she didn't there wouldn't be any thrills in the picture," replied her companion.

"Aw, who likes to sit an' cry through one of those sob pictures. Six. Let's see one with some ginger in it."

"Don't those waves look natural? My, that's a fine view. That's taken out West alright."

And as the cast-off daughter steps onto the boat and starts out, the pianist plays "Sailing, Sailing." Then he gray-haired mother sobs on the shoulder of the irate husband and father, while the music does "Silver Threads Among the Gold."

It's a whole evening's entertainment in itself just to hear the side remarks of picture lovers watching the actors in silent motion. If you never tried it, just listen next time you're in the movies and you'll hear it. Something like this:

"I wonder who thinks up all these pictures anyhow?"

"Gee, wouldn't you think the pianist would get tired? He sure earns his wages."

"I just love these sort of pictures."

"Looks awful healthy to be starved."

"I've seen that feller in lots o' pictures before."

"Let's just wait for one more after this."

"See the wind blow?"

"Wait till the old man finds out what's going on. There'll be something doing."

"Gee, that picture gives me a thirst."

"The next ought to be a funny one."

"S' a cute youngster all right."

"They take all these Wild West scenes in New Jersey."

"Look how that horse stands without hitching."

"I should think those actors would get killed—trying stunts like that."

"He's a good-looking chap all right."

"He's sure got what was comin' to him."

"Served him good and right, too."

"Now he's going to kiss her. . . There! What did I tell you!"

Theaters

Montgomery and Stone.

David Abrahams, a turning versatile. When Mr. Abrahams first came to America from the Drury Lane Theater, London, his big specialty in the line of theatrical interpretation was the urbane portrayal of cats. Beginning in David Henderson's production "The Crystal Slipper" as a nursery rhyme cat, Mr. Abrahams succeeded himself in other burlesques variously as a lion, a tiger and a panther inside of half a dozen years. Always feline was Mr. Abrahams in those days of professional endeavor. His felicity finally set in on him to a degree that he retired from the stage and started a cat farm, where he raised Angora cats for the market. Recently when Mr. Abrahams was asked to leave his Angora ranch, he took part with Montgomery and Stone in "The Lady of the Slipper," which is coming to the Auditorium, Friday night, April 3, he demanded of Mr. Dillingham just one thing—that if he had to play the cat attendant upon Cinderella they should also write in a dog which should be the faithful attendant on Punks and Spooks. Mr. Abrahams explained that he didn't want to become narrowed artistically or a monomaniac mentally by too steady association with the cat tribe.

"I'm afraid I'll get to singing my song to the moon from the top of area fences," he declared, "if I stick to this cat game much longer. Seats tomorrow."

Ready Used By Three Generations

Mother Who Took It When Children Now Take It to Their Children.

There must be genuine merit to an article that has passed the test of two generations of men.

In the field of medicine none has had greater success, nor retained that success to a greater degree, than Dr. Caldwell's Syrup Pepsin, which is now being used by three generations of people. Its use in families is constantly becoming more general. The reason, primarily, is that it has merit. It is what it represents itself to be, a laxative- tonic; it does not make exaggerated claims nor use coarse language to set forth its virtues.

It is a medicine, but so mild and gentle a medicine that thousands of mothers give it to tiny infants, and yet, in a slightly larger dose, it is equally effective for grown-ups. It is for any disorder of the stomach, liver or bowels, for constipation no matter how chronic, for dyspepsia no matter how severe, for biliousness, sour stomach, gas on the stomach, headaches, drowsiness after eating and similar complaints arising from a clogged-up condition of the bowels. It is pleasant to the taste and does not gripe. It can be used with safety and good results by anyone at any age or in any condition of health, and that person's health will improve. Every druggist sells it and the price is only fifty cents and one dollar a bottle.

WM. ROSWELL TAYLOR

Thousands of families throughout the country are never without Syrup Pepsin in the house, among them Mrs. W. A. Taylor, 717 Lincoln Ave., Beloit, Wis. She has five children and gives Dr. Caldwell's Syrup Pepsin to all of them as needed. Little William used to be very constipated with cramps and cry half the night with given Syrup Pepsin he does so no longer. The use of this remedy will teach you to avoid cathartics, salts, purgatives and physics generally as they are entirely too harsh. Syrup Pepsin cures gradually, but the cure is comfortable, safe and permanent. Families wishing to try a free sample bottle can obtain it postpaid by addressing Dr. W. B. Caldwell, 419 Washington St., Monticello, Ill. A postal card with your name and address on it will do.

"The Store of Newark, Ohio, Where Quality Counts."

THIS VACUUM CLEANER A BIG PRIZE

This splendid \$37.50 Franz Premium Vacuum cleaner from The Ohio Light & Power company is surely a great prize in the Advocate's Booklovers' contest.

Vacuum cleaners solve the competent help problem—If you own one. Every house maid likes to stay where there is a vacuum. Or the other hand—if you have no maid—the cleaning is so easily and quickly done with a vacuum cleaner that housekeeping is a pleasure. This Franz Premier is one of the most complete vacuum cleaners ever brought out and has attachments for

for cleaning carpets, rugs, portiers, upholstered furniture, book shelves, etc. The dust bag attached takes all the dirt allowing no chance for dust or microbes. A small cylinder glass attachment shows you when the article is thoroughly cleaned and the dust all out.

The Ohio Light & Power Co. will be glad to demonstrate the fine qualities of the Franz Premium Vacuum Cleaner, at any time at their office at 78 West Main street. All the new electrical appliances are also here and you will be more than repaid by a call.

The big new plant of the Ohio Light & Power Co. is now near completion and is one of the foremost factors in the big procession leading for greater Newark.

Every home will be glad to welcome this vacuum cleaner prize at close of the Advocate's big Booklovers' contest.

Labor and fraternal organizations have unanimously endorsed the Board of Trade's plan for Newark's industrial development. This spirit of co-operation as bodies, with the general scheme, indicates a proper individual sentiment. This can be manifested by contributing to the factory fund.

Don't stay stuffed up! Quit blowing and snuffing! Ease your throbbing head! Nothing else in the world gives such prompt relief as Pape's Cold Compound, which costs only 25 cents at any drug store. It acts without assistance, tastes nice, causes no inconvenience. Be sure you get the genuine.

TEN YEARS OF PAIN RELIEF IN TWO DAYS

RHEUMA Worked Wonderfully Fast in This Obstinate Case of Rheumatism.

Ten years of hard study, conscientious experimenting in sanatorium and private practice, with the most obstinate cases of different forms of Rheumatism—Sciatica, Inflammatory, Muscular, Arthritis, Myalgia—resulted in the discovery of RHEUMA. It has since been used successfully by thousands of sufferers. RHEUMA acts quickly and brings permanent relief.

"Columbia, S. C., May 5, 1913.—I have been a great sufferer from Rheumatism for about ten years, having it in my knees, ankles and joints. Was on crutches about one-third of the time. The first of last December I commenced to take RHEUMA; in two days I laid down my crutches and have since given them away. I now believe that I am a well man; six months ago I never expected to be well again. I have taken some ENGLISH MARSH in connection with RHEUMA. I have never spent but \$2 for RHEUMA. Yours unsolicited, J. R. Crocker, 614 Sumter street, Supt. Palmetto Fertilizer Co."

Go to Evans' Drug Store and get a bottle for 50 cents. He will return your money if you are not satisfied.

1000 CARLOADS OVERLAND CARS FOR ONE DEALER

We have one dealer who takes 1,000 carloads of Overlands every twelve months.

That's 5000 cars. This dealer wired us a few months ago and wanted 7000 cars. But we could not supply them.

Other dealers take 2500, 2000 and 1500 Overlands apiece.

Even the 1500-car dealer takes more cars than the largest single factory in Germany turns out.

There are over 300 American automobile manufacturers, who do not make in a year as many cars as our single 5000-car Overland dealer takes in the same period.

If you think this over for a moment these figures will mean something to you.

It certainly is reasonable to assume that we must be giving more cars for less money than any other manufacturer in the business.

If we were not, we could hardly be doing the largest business.

That's sound logic.

If you will just take the time to make a few specification comparisons you will find the cost of the Overland is 30 per cent. less than that of any other similar car made.

Our catalogues will be sent on request. Please address Dept. 39, The Willis-Overland Company, Toledo, Ohio.

Manufacturers of the famous Delivery wagons, Garford and Willis-Utility trucks, full information on request.

Stop and Think

The average man comes to old age dependent on his children or the public.

Few leave an estate exceeding a thousand dollars, even including life insurance.

These hard facts are a sad commentary on our thriftless plan of living.

Yet only a small saving kept up regularly would avoid such humiliating conditions.

The marvel is not the very few who acquire fortunes, nor the very few who are in the actual poverty, but the vast number of those with fair incomes for today but who make no provision for tomorrow.

Save while you can.

Just a little determination and a regularly kept up savings account here in the "Old Home" will insure you an old age of plenty.

Will you do it?

Robert Lansing Succeeds John Bassett Moore

President Wilson has chosen a Washington man to succeed John Bassett Moore, who was said to be one of the most valuable officials the State Department has ever known. He has selected Robert Lansing of Washington, D. C., a son-in-law of the former secretary of state, John B. Foster. Mr. Foster was considered one of the first diplomats in the history of the United States.

Mr. Lansing is about fifty years of age and is a graduate of Amherst College.

FACE COVERED WITH PIMPLES

Suffered Three Years. Used Resinol. Now Not A Pimple To Be Seen.

Philadelphia, Pa., Oct. 27, 1912. "I had been troubled for the past three years with pimples which completely covered my face and neck. The pimples would come out, fester up and cause me to pick at them, feeling very uncomfortable. I tried most all kinds of facial creams, but with no effect. I tried a sample of Resinol Soap and Ointment and noticed instant relief. I bought Resinol Soap and Resinol Ointment, and began the treatment. After using two jars of Resinol Ointment and Resinol Soap, there was not a pimple to be seen, and now my face is as smooth as if there was never a pimple on it." (Signed) Albert Greenburg, 4167 Frankford Ave.

For eighteen years Resinol has been a favorite doctor's prescription and household remedy for itching troubles, skin eruptions, dandruff, red, rough faces and hands, sores, piles, etc. Stops itching instantly. Sold by all druggists. Resinol Soap, 25c; Ointment, 50c, and \$1.00, but you can try them without cost—just write for liberal samples to Dept. 18-M, Resinol Chemical Co., Baltimore, Md.

SAVE YOUR HAIR! IF FALLING OUT OR DANDRUFF--25 CENT DANDERINE

Ladies! Men! Here's the best 25 cents you ever spent—Don't wait! Apply a little tonight.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scourge.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out. A little

Danderine tonight—now—anytime—will surely save your hair. Get a 25 cent bottle of Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance; an incomparable gloss and softness, but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

Not a Magnet.
"Let me sing the old songs in your parlor," lured the girl who thought she was a prima donna.

"Please don't," begged the landlady. "But your boarders will be carried away by my singing."

"That's just the trouble. The last time you sang they were carried over to the next boarding house."—National Monthly.

Peared.
"I have poured every day this week at some function or other," remarked the vivacious girl.

"Well, well," murmured the old gentleman who overheard her. "Now I know what is meant by the term 'a reigning belle.'"—St. Louis Republic.

an automobile in which the four were riding was struck by a fast Lake Shore passenger train at the Mills street crossing. Cook was pinned under the wreckage of the car as the locomotive tossed it into the ditch.

W. Kraft, Cleveland salesman, Arthur Elbert and Grover Patton of Elyria, the other occupants of the machine, were thrown into soft mud and not badly hurt. Cook was driving the car and says the closing gates were not lowered and no warning of the train's approach given.

OHIO BAPTISTS IN CONFERENCE AT GRANVILLE

(Special to the Advocate) Granville, March 31.—Opening exercises of the Ohio Baptist Ministers' conference were held in the Sherwin assembly room of Cleveland hall Monday afternoon at 2 o'clock. At that time President Clark W. Chamberlain of Denison university gave an address of welcome to an audience of one hundred ministers.

Directly following the speech of President Chamberlain, Rev. Mr. Brelsford of the Granville Baptist church, stepped to the platform and supplemented the remarks of Denison's president. A brief idea of the advantages of the location for a conference and also a history of former assemblies were given.

In response, Charles Sumner Brown of Cincinnati, speaking in behalf of the members of the conference declared that arrangements had been carried out in a thoroughly satisfactory manner and said a few words of past conventions. After singing an anthem adjournment was made to the Baptist church.

John Burns, president of the Oneida Institute, which is located in the hills of Kentucky, spoke briefly of the work and the success of the Institute. At the present time over five hundred students are under his instruction and if there was room he would have many more.

At one time Mr. Burns was a student in Doane academy, but he did not stay to continue his studies because he was so anxious to teach the people of the mountainous districts of Kentucky, where schools were unknown. Ever since he has taken up the work he has been very successful.

CROWD

(Continued from Page One.)

met, both sides pressed for the use of every available minute of time. The leaders were anxious to hurry the House along, fearing that interruption might force the bill over until tomorrow, calendar Wednesday, which would precipitate parliamentary complications.

The opponents of the bill prepared to make the most of their single opportunity to amend the bill and a carefully drawn motion to recommit the bill to the interstate and the foreign commerce committee with instructions to report it back amended was framed. After a conference it was agreed that Representative Doremus of Michigan, leading the Democrats opposed to the bill should present the motion, thus overcoming the scruples of Democrats who might object to supporting a proposition advanced from the Republican side of the aisle.

The provisions of the motion to recommit were carefully kept secret, to be sprung as a surprise on the floor.

Speaker Clark, closing debate against the repeal, disappointed those who expected him to attack President Wilson. He disclaimed any personal issue with the President, declared he believed Mr. Wilson was actuated by the highest patriotic motives, and that there was no breach in the Democratic party. He argued at length against the President's contention and declared that "the amazing request of the President for the repeal, like the peace of God, passeth all understanding."

He disclaimed any personal issue between the President and himself and added that if the President had reasons "which are not utterly untenable and which compel him to make this request," he had not given them to the house. He differed from the President's statement that toll exemption was "a mistaken economic policy," but admitting dispute on that point proposed that the exemption be suspended two years. He contended that the President was mistaken in his views that the exemption was repugnant to the Hay-Pauncefote treaty.

"We want war with no nation," said the speaker, "but rather than surrender our right to complete sovereignty over every square foot of our globe encircling domain, we will cheerfully and courageously face a world in arms."

He attacked the attitude of House Democrats who have led the President's fight for the toll exemption repeal.

Referring to published declarations that his opposition to the President was the opening gun of his fight for the nomination in 1916, the speaker declared he had told all to whom he had spoken about the 1916 campaign.

THE STORE THAT SERVES YOU BEST

that if the President's administration were a success Mr. Wilson would be re-elected, and if it were a failure the nomination would not be worth having.

As to his own future the speaker insisted he could be happy without the presidency, the speakership or even with retirement to private life should his constituency so determine. "There is no personal issue between the President of the United States," he said, "I trust there never will be. I have at no time uttered one word of criticism of the President. At no time, so far as I am informed, or believe, has the President said one single word of criticism of me. I have never for one moment entertained the opinion that President Wilson is actuated by other than the highest motives."

"I do not believe that President Wilson has ever entertained any other opinion as to the conduct of those of us who find it necessary to differ with him on this measure. President Woodrow Wilson does not desire a breach in the Democratic party. I do not desire a breach in the Democratic party and there is no breach in the Democratic party. I would scorn to believe that President Wilson countenances for one moment the efforts of some of the Jackal press to represent that we are seeking to disrupt the Democratic party. With most of those who have asserted that I am seeking to disrupt the party, the wish is father to the thought."

Replying at length to what he called a "scurrilous and slanderous article in the New York World," the speaker said the charge that he had been swayed in his attitude toward the bill by the "subsidy interests" was a base and false insinuation.

"The newspapers he named," he said, "along with every editor in America, who hopes to be an ambassador, minister, consul general or in some other fat and juicy job has been endeavoring to place me in antagonism to the President ever since the election. These newspapers desire I am opposing this surrender to Great Britain as an opening gun in my campaign for President in 1916. It may surprise these consequent courtiers to know that I never hinted to any human being that I would be a candidate in 1916 and that I am not a candidate. Their slander has been gratuitous mental degradation."

Mr. Clark then referred to published reports of a fight on his re-election to the speakership.

"The New York Sun practically nominates the gentleman from Kentucky, (Mr. Sherman) for speaker," said he. He read an extract from the article.

The strange part of that paragraph is that it makes no mention of my valuable, vehement and vociferous

friend from Texas (Mr. Henry) for the speakership. He has had his eagle eye on the speakership, for I have seen many years. I have this to say, the fact that I am making this fight for our platform pledges may end my public career. There are many things worse than being defeated for congress and defeats for the speakership, or even worse than to be defeated for the presidency and one of them is to repudiate the platform on which you are elected.

"Honest opinion," he continued, "differed. Whatever may be the differences of opinion respecting the merits of the case, I do President Wilson honor for his act. But I do not and cannot endorse his judgment."

"The repeal means the practical abandonment of the Monroe Doctrine, which the American people will maintain at all hazards. Those who assert that the Monroe doctrine is dead, reckon without their host."

After discussing the Monroe Doctrine the speaker concluded with this appeal: "Now, may the God of our Fathers, who nerved three million backwoods Americans to fling their gage of battle into the face of the mightiest monarch in the world, who guided the hand of Jefferson in writing the charter of liberty, who sustained Washington and his ragged and starving army amid the awful horrors of Valley Forge and who gave them complete victory on the blood stained heights of Yorktown, may he lead members to vote so as to prevent this stupendous folly—this unspeakable humiliation of the American Republic."

Sure Indications of Lung Trouble

Among the indications of threatened Lung Trouble are a continued cough, fever and night sweats. A change of climate often helps, but it seems that something more is needed to stop the cough and sweats and arrest the progress of the disease. Ekman's Alternative, after many years of use, is known to be most beneficial in bringing about relief, in many cases complete recoveries. Investigate this case.

"Gentlemen: I had a terrible cough, night sweats and pleurisy in my lungs. A man who heard me coughing advised me to take your Alternative. I paid no attention to him then. I got so bad the doctor said I should go to Wyoming. I did and when I got there I steadily grew worse. Then I remembered what had been told me about your medicine. I began taking it, with no faith what ever, but before I had taken three bottles, I could eat anything. Fever and night sweats stopped and for over a year I have been well and in better health than I ever was."
